

Yayasan LaSallian Kuching

31st July 2018

Dear Members of the LaSallian Family,

Greetings from YLK and we are pleased to share with you once again the updates on our activities as at June 2018.

The committee has decided two years ago to extend our work beyond providing private tuition for rural Primary Five and Primary Six students. The committee has drawn up the following roadmaps with the view to provide more holistic development of the character of the students from Primary school level where possible to tertiary level.

- (i) Sourcing scholarships to send more students to study at St. Joseph's Private School (SJPS) after their Primary school education. A Scholarship Sub-committee was formed for this new mission. At the moment the new hostel for rural students studying in SJPS is been managed well.
- (ii) Teachers are the guiding light for children in their physical, social, emotional and cognitive development. To continually inspire them to journey with the children with a caring, loving heart is vital. We had successfully conducted Educators' Retreat for our volunteer teachers in March 2018 and intend to organise the retreat annually subject to fund availability.
- (iii) A Primary Five Students Holistic Camp and YLK Alumni leadership Camp are also been planned at the end of the year to benefit both the students at the Centres and the YLK ex-students in secondary school. So far we have collaborated with Global Peace Foundation for above programme and also looking for other NGOs to assists.
- (iv) To provide information / scholarships for their tertiary education.
- (v) To provide career talk to advise them on choices of tertiary courses and careers.

All of these are made possible because of the continual moral, financial support given by each one of you and together we continue to help the rural student in their academic pursuits and for brighter future.
